SUBJECT: Update on PKK Violence (October 8-15, 2007)

REF: ANKARA 2521 and previous

(U) Sensitive but unclassified - please protect accordingly.

[1](#)1. (SBU) This is another in a series of periodic reports on PKK violence in Turkey. Our primary source is the Turkish General Staff (TGS) website, which documents military contacts/clashes with the PKK as well as casualties incurred. TGS does not account for police casualties and Ministry of Interior casualty data is not made public. As a result, actual numbers for total Turkish law enforcement casualties are higher than the figures in this cable.

Press services sympathetic to the PKK, such as Neu-Isenburg People's Defense Forces and Firat News Agency, tend to report higher numbers of the Turkish Security Forces casualties and are often otherwise unreliable.

[1](#)2. (U) During the October 8-15, 2007 reporting period, two GOT security officials were killed and three were injured in explosions.

[1](#)3. (U) In the same period, the body of a PKK terrorist was found dead and seven PKKers were captured, including four who surrendered.

[1](#)4. (U) The TGS website reported one clash between security forces and PKK terrorists in Turkey's southeastern region during the reporting period. Security forces discovered at least nine PKK shelters/caves/caches and seized booby-trapped land mines; other explosives, including A-4 and TNT; Kalashnikov rifles; cartridges; hand grenades; pistols; night vision binoculars; TV sets; satellite antennas; and radios.

[1](#)5. During the week, security forces detected 14 PKK explosive devices in SE Turkey. Several were detonated in controlled explosions before they could cause damage/casualties.

[1](#)6. (U) Activity as reported by TGS website:
